EQUITONE [pictura]

EQUITONE [pictura] is an eternit fibre cement facade material with ultra matt architectural finish. Thousands of custom-matched matt project colours are available on request. The material comes in a large panel size and can be transformed into any size or shape in the workshop or on site. The material can also be perforated or printed. No matter what design options you explore, the EQUITONE material is ideal for crisp detailing.

T x W x L mm	Weight kg/m ²
8/12 x 1280 x 2530	15,4/23,1
8/12 x 1280 x 3130	15,4/23,1

Approximately ±15mm needs to be trimmed from the untrimmed panel to ensure correct squareness.

Please note that all cut edges need to be treated with Luko.

PG = Pictura-coating on grey fibercement panel
PW = Pictura-coating on white fibercement panel
PA = Pictura-coating on anthracite fibercement panel

Available in custom colors - Contact us for more information.
